Reader's Guide	xi
-----------------------------	-----------

Executive Summary	xiii
--------------------------------	-------------

Chapter 1: Introduction

Background	1
Purpose and Need	1
Planning Area	2
Collaboration	4
Cooperating Agencies	4
Resource Advisory Council (RAC)	5
Planning Process	5
Scoping and Planning Issues	7
Issues Addressed	8
Issues Considered but Not Further Analyzed	9
Planning Criteria	9
Relationship to BLM Policies, Plans, and Programs	11
Related Plans	13
Policy	18
Vision and Management Goals	18
Draft Resource Management Plan	23
Proposed Resource Management Plan and Final Environmental Impact Statement	23

Chapter 2: Alternatives

Introduction	25
Mitigation	25
Guidelines and Best Management Practices	27
Development of the Alternatives	27
Alternative Components	28
Overview of the Alternatives	28
Alternatives Considered in Detail	31
Management Actions Common to All Alternatives	31
Management Actions Common to Alternatives B, C, and the Preferred Alternative (Alternative D)	35
Alternative A (Current Management)	37
Alternative B	39
Alternative C	41
Alternative D (Preferred Alternative)	44
Alternatives Considered but Not Carried Forward for Detailed Analysis	46
Summary of Restrictions (Table 2-1)	50
Summary Comparison of Alternatives (Table 2-2)	50
Summary Comparison of Impacts (Table 2-3)	50

Chapter 3: Affected Environment

Natural, Biological, and Cultural Resources

Air Resources	301
Climate	311
Geology	320
Soil Resources	321
Water Resources	325
Vegetative Communities – Rangeland, Riparian, Forest and Woodlands	335
Noxious Weeds and Other Invasive Non-Native Species (Plant and Animal)	340
Wildlife	344
Special Status Species	352
Fish and Aquatics	370
Cultural Resources	372
Paleontological Resources	388
Visual Resources	390
Fire Management and Ecology	391
Wilderness Characteristics	400
Cave and Karst Resources	401
Wild Horses and Burros	401

Resource Uses

Forest and Woodland Products	401
Livestock Grazing	402
Recreation	406
Lands and Realty	409
Minerals	416
Renewable Energy Resources	432

Special Designations

Areas of Critical Environmental Concern	434
National Back Country Byways	436
National Recreation Areas	436
National Historic Trails	436
National Recreation Trails	436
Wild and Scenic Rivers	437
Wilderness Areas	437
Wilderness Study Areas	438

Support

Interpretation and Education	438
------------------------------------	-----

Transportation and Facilities

Transportation	439
Facilities	442

Social and Economic

Social Conditions	446
Economics	455

Public Safety

Abandoned Mine Lands	463
Debris Flows	464
Hazardous Materials	465

Chapter 4: Environmental Consequences

Introduction

Introduction	467
General Assumptions	468
Types of Effects	469
How the Summaries of Acres Apply (GIS analysis)	470
Critical Elements	470

Reasonably Foreseeable Development Scenarios

Uranium Potential	471
Gold Potential	473
Cement Grade Limestone Potential	473
Bentonite Mining	473
Other Locatable Minerals	474
Rare Earth Elements	474
Oil and Gas	475
Other Potential Future Oil and Gas Activities	481
Wind Energy Potential Development	482

Impacts to Resources from the Alternatives

Air Resources	486
Climate Change	500
Soil Resources	507
Water Resources	532
Vegetative Communities – Rangeland, Riparian and Wetlands, Forests and Woodlands	557
Noxious Weeds and Other Invasive Species	576
Wildlife	593
Special Status Species	628
Fish and Aquatics	675
Cultural Resources	681
Paleontological Resources	693
Visual Resources	703
Fire Management and Ecology	711

Impacts to Resource Uses from the Alternatives

Forest and Woodland Products	718
Livestock Grazing	722
Recreation	743

Travel Management	753
Lands and Realty	762
Land Use Authorizations	763
Withdrawals	769
Land Tenure Adjustment	770
Minerals	774
Leasable Minerals	774
Locatable Minerals	793
Sachable Minerals	797
Renewable Energy (Wind and Solar)	799

Special Designations

Areas of Critical Environmental Concern	808
Fort Meade ACEC	810
Fossil Cycad ACEC	817
Greater Sage-Grouse Protection Priority Areas ACEC	818
National Back Country Byways	819
National Recreation Trails	819
Wilderness	820
Wild and Scenic Rivers	820

Support

Facilities	820
------------------	-----

Social and Economic

Social	822
Tribal Issues – Tribal Treaty Rights	823
Environmental Justice	823
Economic	827

Public Safety

Abandoned Mine Lands	838
Debris Flows	839
Hazardous Materials	839

Unavoidable Adverse Impacts	840
--	------------

Short-Term Uses versus Long-Term Productivity	842
--	------------

Irreversible and Irretrievable Commitment of Resources	843
---	------------

Chapter 5: Consultation and Coordination

Introduction	845
Public Participation Opportunities	845
Scoping	845
Consultation and Coordination	846
Plan Distribution	849
List of Preparers	851

Core Team	851
Interdisciplinary Team and Support	852
Management Team	853
Contractor Assistance	853
Bibliography	855
Glossary	877
Index	907

Appendices

A	Standards for Rangeland Health and Guidelines for Livestock Grazing Management
B	Summary of Best Management Practices (BMPs), Mitigation Guidelines and Standard Operating Procedures (SOPs)
C	South Dakota Field Office Mitigation Guidelines
D	South Dakota Field Office Reclamation Guidelines
E	Oil and Gas Stipulations and Supplementary Information
F	Visual Resource Management Classes and Acres by Alternative of Inventoried Values
G	South Dakota Field Office Grazing Allotment Allocations
H	Grazing Allotment Categorization
I	Land Ownership Adjustment Criteria
J	Common Riparian Plant Species on BLM-Administered Lands in the SDOFO RMP Planning Area
K	Screening Criteria Checklist For South Dakota Field Office Ten Year Grazing Permit or Lease Renewals or Transfers
L	Recreation Setting Characteristics Class Rating Method
M	Recreation Setting Characteristics Matrix Classes
N	Soil Monitoring
O	Current Facilities at the Fort Meade Recreation Area ACEC and Exemption Area (does not include range improvements)
P	Cultural Resources Lease Stipulations for Grazing Leases
Q	Range Improvement Summary List for South Dakota Field Office
R	Rights-of-Way and Renewable Energy Avoidance or Exclusion Areas by Alternative
S	Air Resource Management Plan: <i>Adaptive Management Strategy for Oil and Gas Resources</i> and South Dakota Field Office Emission Summaries for Alternatives A, B, C, and D
T	Areas of Critical Environmental Concern Nominations and Evaluation of Relevance and Importance Criteria
U	Wild and Scenic River Evaluation
V	Mitigation Measures and Conservation Actions for Greater Sage-Grouse Habitat
W	Monitoring of Sage-Grouse and Sagebrush Habitats

Figures

Chapter 2 Figures

2-1	Areas of Critical Environmental Concern	30
2-2	Firearm Shooting Restrictions and ROW Utility Corridors in the Fort Meade ACEC	33
2-3	Exemption Area: Proposed Travel Management and Special Recreation Management Area Boundaries under Alternatives B, C, and D (Preferred Alternative)	36

Chapter 3 Figures

3-1	Wind Rose for Rapid City, South Dakota (2001-2010)	302
3-2	Ambient Air Quality Concentrations in the South Dakota Planning Area (2009-2011)	304
3-3	Class I Air Quality Areas	309
3-4	Visibility Trends on Haziest and Clearest Visibility Days (2005-2009)	310
3-5	South Dakota Average Daily Temperature (1971-2000)	312
3-6	South Dakota Average Annual Precipitation (1971 through 2000)	313
3-7	Long-Term Historical Temperature and Precipitation Trends	316
3-8	Near-Term Predicted Temperature Increases	317
3-9	Examples of Resource Impacts Due to Climate Change	318
3-10	Planning Area Showing Counties and Their Associated MLRA Designations	323
3-11	Flow Chart for Determining Archaeological Site Use Classification	385
3-12	Example of Applying VRM Considerations	390
3-13	Reasonably Foreseeable Development (RFD) Study Area Showing Basins and Uplifts (shaded gradational boundaries)	418
3-14	Stratigraphic Chart of the South Dakota Study Area with Oil- and Gas-Bearing Zones Indicated	419
3-15	Potential for Occurrence of Oil and Gas within the South Dakota Study Area, 2010 through 2029 (Final - October 7, 2009)	422
3-16	Leased and Unleased Federal Minerals in Parts of the Western South Dakota RFD Study Area	424
3-17	RFD Study Area (SDFO) within the Mapped Areas of Known Coal-Bearing Strata (Final - October 7, 2009)	426
3-18	Example of Temperature-Depth Profiles for Williston Basin and Kennedy Basin	427
3-19	Uranium Resources in South Dakota	430
3-20	SDFO Two Rivers Area (Portions of Meade and Pennington Counties)	443
3-21	Northern Stanley County	444
3-22	Southern Hills Public Land (Portions of Fall River and Custer Counties)	445
3-23	Population Trends 1990-2008	457

Chapter 4 Figures

4-1	Oil and Gas (excluding coalbed natural gas) Development Potential in the RFD Study Area, 2010 through 2029	477
4-2	South Dakota Wind Energy Potential and Existing Transmission Lines	483
4-3	Criteria and Hazardous Air Pollutant Emissions from BLM Sources in the Planning Area	487
4-4	Example of Extent of Area Exceeding the PM ₁₀ 24-hour PSD Increments during Construction	490
4-5	GHG Emissions in Terms of CO ₂ e (mtpy) for Each Alternative	503

Tables

Chapter 1 Tables

1-1	BLM-Administered Public Land and Federal Mineral Estate Ownership in the Planning Area	3
1-2	Nine-Step Planning Process	7
1-3	Summary of Plans Guiding Management Directions	12

Chapter 2 Tables

2-1	Summary of Restrictions	53
2-2	Summary Comparison of Alternatives	67
2-3	Summary Comparison of Impacts	177

Chapter 3 Tables

3-1	Prevailing Wind Directions and Average Speeds (mph) for Rapid City, South Dakota	301
3-2	Federal and State Ambient Air Quality Standards	303
3-3	Air Quality Monitoring Stations In or Near the Planning Area	304
3-4	Planning Area Criteria Pollutant Emissions By County	307
3-5	Class I and Potential Sensitive Class II Areas In or Near the Planning Area	308
3-6	Monthly Climate Summary for Rapid City, South Dakota	312
3-7	Estimated Annual GHG Emissions	314
3-8	Sensitive Soil Characteristics within the Planning Area	323
3-9	Aquifers Showing Total Recoverable Groundwater in Western South Dakota	326
3-10	Categories of Drilling Mud Constituents	330
3-11	Impaired Water Bodies on BLM Land in South Dakota	333
3-12	Noxious and Invasive Plants Occurring within the Planning Area	341
3-13	South Dakota Aquatic Nuisance Species of Concern	342
3-14	General Habitat Types on BLM Surface in the Planning Area	345
3-15	Federally Listed Threatened, Endangered, or Candidate Species that May Occur within the Planning Area	354
3-16	Special Status Species that May Occur within the Planning Area	363
3-17	State of South Dakota Rare, Threatened, or Endangered Plants Tracked by the South Dakota Natural Heritage Program (November 2009)	369
3-18	Summary of BLM-Administered Lands Along Prairie River and Stream Fisheries	371
3-19	Summary of BLM-Administered Surface Estate Along Black Hills Streams with Fisheries	371
3-20	Summary of Archaeological Sites on BLM Surface Lands in South Dakota (2008)	373
3-21	Summary of Archaeological Sites on Split-Estate Lands in South Dakota (2008)	373
3-22	Summary of BLM Use Categories	384
3-23	Site Attribute-Based Use Category (Classification Matrix)	386
3-24	Comparison of Fire Management Categories	393
3-25	Fire History by Fire Size Class – Planning Area 1984-2010	394
3-26	Fire Regime Groups and Descriptions	396
3-27	Fire Regime Condition Class (FRCC) Characteristics	397
3-28	Historic Fire Regime and Current Condition Class, Exemption Area (approximately 5,250 acres of BLM land)	397
3-29	Historic Fire Regime and Current Condition Class, Fort Meade Recreation Area (approximately 6,570 acres of BLM land)	398
3-30	Historic Fire Regime and Current Condition Class, Remainder of Planning Area (approximately 263,758 BLM acres)	398
3-31	VRM and RSC Classes	407
3-32	Geothermal Resources Base for South Dakota	428
3-33	New Locatable Mineral Claims Filed in South Dakota	429
3-34	Total Active Mining Claims Found in South Dakota (BLM, USFS, and Private Surface Estate)	431
3-35	NRI Rivers within the Planning Area with Adjacent BLM Land	437
3-36	Demographic Information for the Planning Area Counties	448
3-37	Demographic Information for Indian Reservations and the Counties Where They are Located in Western South Dakota (2009 and 2010)	453
3-38	Selected Economic and Demographic Statistics	456
3-39	BLM-Administered Lands (SD RMP Planning Area)	457
3-40	Average Annual Authorized Livestock Grazing Use (AUMs) Billing Years 1999-2009	458
3-41	Trip Type Segment Shares for Use in Activity Spending Analysis	461
3-42	Non-Local/Local Spending Averages, All Activities, \$ Per Party Per Trip	461
3-43	Average Annual Payments to Counties from BLM-Related Uses (11-County Area)	463
3-44	BLM Resource-Related Employment and Income by Major Program Area	463

Chapter 4 Tables

4-1	Bentonite RFD Acreages	474
4-2	Oil and Gas Development Potential in the RFD Scenario	476
4-3	Density of Oil and Gas Wells by Development Potential Category in RFD Study Area (all ownerships)	476
4-4	Projected Oil and Gas Drilling Activity in the Planning Area	480
4-5	Potential Surface Disturbance from Oil and Gas Drilling	480
4-6	Wind Classes and Potential	483
4-7	Existing South Dakota Wind Energy Projects	484
4-8	Summary of Wind Energy Potential Development – Unconstrained	485
4-9	Summary of Wind Energy Potential Development by Alternative	486
4-10	Estimated Maximum Annual Criteria Pollutant Emissions as a Percentage of Existing Emissions	488
4-11	Oil and Gas Activity Near-Field Criteria Air Pollutant Concentration Summary for All Alternatives ...	489
4-12	Health Effects of Modeled HAP	491
4-13	Acute Short-Term HAP Modeling Results for All Alternatives	491
4-14	Chronic Non-Carcinogenic HAP Modeling Results for All Alternatives	492
4-15	Carcinogenic HAP Modeling Results for All Alternatives	492
4-16	BLM Source Emissions under Alternative A (Current Management) (Tons/Year)	497
4-17	BLM Source Emissions under Alternative B (Tons/Year)	498
4-18	BLM Source Emissions under Alternative C (Tons/Year)	498
4-19	Cumulative Emissions (tpy)	499
4-20	BLM Source GHG Emissions under Alternative A (Current Management)	505
4-21	BLM Source GHG Emissions under Alternative B	506
4-22	BLM Source GHG Emissions under Alternative B	506
4-23	Short-Term Surface Disturbance on BLM-Administered Surface – 20 Year Period (Acres)	508
4-24	Long-Term Surface Disturbance on BLM-Administered Surface – 20 Year Period (Acres)	508
4-25	At-Risk Soils in the Planning Area (Acres)	509
4-26	Soil Resource Management Actions by Alternative	518
4-27	Water Resource Management Actions by Alternative	518
4-28	Wildlife Management Actions by Alternative	519
4-29	ROW Surface Use Stipulations for the Decision Area by Alternative (Acres)	521
4-30	Cumulative Acres Available or Unavailable for Oil and Gas Leasing	522
4-31	Renewable Energy Surface Use Stipulations for Decision Area BLM-Administered Surface by Alternative	523
4-32	Maximum Number of Acres Expected to Receive Long-Term Alteration	530
4-33	Past, Present, and Reasonably Foreseeable Bentonite Mining Permit Acreages in the Planning Area	531
4-34	Riparian Vegetation Protected through Floodplains Stipulation	538
4-35	Fracturing Fluids and Conditions for Use	543
4-36	Fracturing Fluid Chemical Additives	544
4-37	Summary of Cumulative Fluid Mineral Lease Stipulations by Alternative for All RFD Areas (Acres) ..	594
4-38	Surface Disturbance on BLM Surface by Alternative (Acres)	600
4-39	Anticipated Well Density (wells per mi ²) on BLM Land by Alternative	601
4-40	BLM Surface and Subsurface Acres for Big Game Winter Range in High and Moderate Development Potential Areas by Alternative	605
4-41	Renewable Energy Surface Disturbance on BLM Surface by Alternative (Acres)	634
4-42	VRM Classes by Alternative (Acres)	704
4-43	Range Improvement Projects (Average Acres Disturbed per Project)	723
4-44	Maximum Number of AUMs Expected to Receive Long-Term Alteration	739
4-45	NSO – Floodplains (Acres)	777
4-46	CSU - 30 Percent Slope (Acres)	777
4-47	NSO – Sharp-tailed Grouse and Greater Prairie-Chicken Lek – 1/4 Mile Buffer (Acres)	777
4-48	Timing Limitation – Sharp-tailed Grouse Nesting - Two Mile Buffer (Acres).....	777
4-49	Timing Limitation – Big Game Winter Range (Acres)	778
4-50	NSO – Bald Eagle Nests – 1/2 Mile Buffer (Acres)	778

4-51	NSO – Sensitive Raptor Nests – 1/2 Mile Buffer (does not include raptors that are listed as threatened or endangered) (Acres)	778
4-52	NSO – Greater Sage-Grouse Leks – 1/4 Mile Buffer (Acres)	778
4-53	Timing Limitation – Greater Sage-Grouse – Winter Range (Acres)	779
4-54	Timing Limitation – Greater Sage-Grouse Brood Rearing/Nesting Habitat –Two Mile Buffer from Lek (Acres)	779
4-55	NSO – Fisheries – 1/4 Mile Buffer (Acres)	779
4-56	CSU – 25 Percent Slope (Acres)	780
4-57	CSU – Sensitive Soils; Low Restoration Potential (Acres)	780
4-58	CSU – Sensitive Soils; Low Fugitive Dust Resistance (Acres)	780
4-59	CSU – Sensitive Soils; Combined Low Restoration Potential and Low Fugitive Dust Resistance (Acres)	780
4-60	Timing Limitation – Sharp-tailed Grouse and Greater Prairie-Chicken Nesting; – Two Mile Buffer (Acres)	781
4-61	NSO – Bighorn Sheep Habitat (Acres)	781
4-62	NSO – Raptor Nests (raptors that are not T&E, nor special status species); 1/4 Mile Buffer (Acres)	781
4-63	NSO – Bald Eagle Nests; 1/4 Mile Buffer (Acres)	781
4-64	NSO – Sensitive Raptor Nests – 1/4 Mile Buffer (does not include raptors that are listed as threatened or endangered) (Acres)	782
4-65	NSO – Greater Sage-Grouse Leks Stipulation Outside PPAs in GHAs; 1/2 Mile Buffer (Acres)	782
4-66	Timing Limitation - Greater Sage-Grouse Brood Rearing/Nesting Habitat Outside PPAs; Three Mile Buffer from Leks (Acres)	782
4-67	NSO – Greater Sage-Grouse PPAs in Alternatives B and D (Acres)	783
4-68	NSO – Sharp-tailed Grouse and Greater Prairie-Chicken Lek; 1/2 Mile Buffer (Acres)	784
4-69	Timing Limitation – Sharp-tailed Grouse and Greater Prairie-Chicken Nesting; Three Mile Buffer (Acres)	784
4-70	NSO – Raptor Nests (raptors that are not special status species); 1/2 Mile Buffer (Acres)	785
4-71	NSO – Greater Sage-Grouse Leks in GHAs; One Mile Buffer in Alternative C (Acres)	785
4-72	Timing Limitation – Greater Sage-Grouse Brood Rearing/Nesting Habitat Outside PPAs in GHAs; Four Mile Buffer from Leks (Acres)	786
4-73	Closed (No Lease) – Greater Sage-Grouse PPAs in Alternative C (Acres)	786
4-74	Slope Restrictions (Acres)	787
4-75	NSO – Greater Sage-Grouse Leks in GHAs; One Mile Buffer in Alternative D (Acres)	788
4-76	Timing Limitation – Greater Sage-Grouse Brood Rearing/Nesting Habitat Outside PPAs; Four Mile Buffer from Leks (Acres)	789
4-77	Cumulative Acres of Federal Mineral Estate Available or Unavailable for Oil and Gas Leasing	790
4-78	Renewable Energy Rights-of-Way, BLM-Administered Surface Acres in Western South Dakota by Wind Potential Class	801
4-79	Renewable Energy Rights-of-Way, Open, Avoidance, and Exclusion Areas on BLM-Administered Surface by Alternative (Acres)	801
4-80	Average Annual Federal Mineral Production and Activity by Alternative	828
4-81	Employment by Resource Use and Other Contribution to Local Economy by Alternative (Average Annual)	832
4-82	Income by Resource Use and Other Contribution to Local Economy by Alternative (Average Annual, \$1,000)	833
4-83	Federal, State, and Local Revenues by Alternative (\$1000)	833
4-84	Comparison of Estimated Average Annual Economic Contributions from BLM Land and Mineral Uses	834

Chapter 5 Tables

5-1	South Dakota RMP Public Scoping Meetings	846
5-2	Meetings with Tribal Governments/Officials on the South Dakota RMP	847
5-3	Federally Listed Threatened and Endangered Species or Candidate Species that May Occur within the South Dakota Planning Area	848
